a
b

This is a non-table line with a | in it.

My First Header

Also *with* *content*. ** Second level area |
table | ** Second level area 2 *** Nested area
*** Nested area 2 ** My Second Header This
has **content** too.

Here **is a bit more bold** text.

This **isn't actually bold!**

What happens with ****double boldness****?

What happens with *//double italics//*?

What happens with `source code`?

My Third Header

And this *italic!* **** Fourth Header With
content
